THE PROCESS

01.

I offer unlimited communication, so please bombard me with all of your questions and Pinterest boards, it is never too much!

02.

We will have several phone calls, video calls and/or in person meets (based on location and needs). This is important to ensure we can get to know each other, build trust and know exactly what your requirements are.

03.

I will take over communication of suppliers the week leading up to the wedding so you can enjoy those last few days together!

04.

Together we will create a perfect timeline of your day, I will distribute this to all of the suppliers.

On the day management isn't just about taking care of suppliers on your special day. It is about taking care of you! This package includes taking over communication of suppliers a week before the wedding day.

This is perfect for couples that have organised their wedding but want a professional to take care of the day.

ANY QUESTIONS?

ONE

WHAT IS THE DIFFERENCE BETWEEN VENUE COORDINATORS AND ON THE DAY WEDDING PLANNERS?

Venue coordinators are incredible and are a super important part of the day. We work closely together on the day but our jobs are different.

Venue coordinators are there to manage the venue, and all moving parts surrounding this. They are only on site and available during standard working hours, ie 9-5pm.

As a wedding planner, I am solely yours all day. I am there to manage and support you and your day. I am there before anyone else and I don't leave until everything is taken care of.

The venue coordinator will not usually take over supplier communication prior to the wedding. I will have spent time talking to you and your suppliers to put together a itinerary of the day, meaning I am fully prepared.

TWO

WHAT IF YOU ARE ILL ON THE DAY OF OUR WEDDING?

Trust me, I would have to be kidnapped and on a plane to Mexico for me not to be there.

But in case of that very strange event, or if I am personally booked on that day, I have incredible staff and other planners that I work with. In the event of someone else attending instead of me, you will know everything about that person and they will know everything about you and your day, so it will still be perfect!

THREE

WILL YOU HELP DRESS THE VENUE?

Yes, absolutely. During our phone calls we will establish your style and I will create your dream. You won't have to worry about a thing! I even have my toolbox of 'bits'!

FOUR

WILL YOU HAVE AN ASSISTANT ON THE DAY?

This depends on many things like, the size of the wedding, whether it is a dry hire venue, how many suppliers etc. But there is never an extra charge after my quote is sent.
