THE PROCESS

01. I offer unlimited communication, so please bombard me with all of your questions and Pinterest boards, it is never too much! We will have loads of phone calls, video calls and/or in person meets (based on location and needs).
02. I will help you with finding suppliers that will be perfect for you, help with designing and styling y, help with budget and guest list. I can visit your venue with you prior to the day.
03. I will take over communication of suppliers 3 months before the day so you don't have to contact anyone else but me!
04. Together we will create a perfect timeline of your day, I will distribute this to all of the suppliers and manage your beautiful day!

This package is perfect for couples that love organising, chatting to suppliers and enjoy the planning process but would like a professional to be able to help support the planning journey.

I will recommend suppliers based on you. Everyone's style is different, everyone wants something different so I always recommend suppliers that would suit you, not just a generic supplier list. I do the digging, you do the booking.

It is important to ensure we get to know each other, build trust and know exactly what you want your PERFECT day to look like (and it will be perfect).

I will be the face of management for every supplier on the day as well as the 3 months leading up. A problem? A fire to put out? I promise, you will never even know about it!

ANY QUESTIONS?

ONE

WHY HAVE ME AS YOUR WEDDING PLANNER?

I have such a genuine love for this job I have jumped into head first. Honestly, my background isn't weddings or events. But whilst planning my own wedding, I absolutely fell in love with the planning process but I also found it very hard to find suppliers that matched my style. It took me so much time, time wasting and millions of emails, in the end I found the most incredible suppliers for my day as well as meeting so many other wonderful ones on the way.

I am very lucky that I am able to help other couples find suppliers that match their vibe and help them avoid the big stresses (and emails) of the planning process so it can be an enjoyable and beautiful experience.

TWO

WHAT IF YOU ARE ILL ON THE DAY OF OUR WEDDING?

Trust me, I would have to be kidnapped and on a plane to Mexico for me not to be there.

But in case of that very strange event, or if I am personally booked on that day, I have incredible staff and other planners that I work with.

In the event of someone else attending instead of me, you will know everything about that person and they will know everything about you and your day, so it will still be perfect!

THREE

WILL YOU HELP DRESS THE VENUE?

Yes, absolutely. We will establish your style together and I will create your dream. You won't have to worry about a thing!

I even have my toolbox of 'bits'!

FOUR

WILL YOU HAVE AN ASSISTANT ON THE DAY?

This depends on many things like, the size of the wedding, whether it is a dry hire venue, how many suppliers etc. But there is never an extra charge after my quote is sent.
